### 1. **The definitions of the terms provided by the GDPR**

**NSAPDP** represents The National Supervisory Authority for Personal Data Processing, the Romanian independent public authority responsible for the compliance with the protection of personal data requirements;

**Personal data** represents any information relating to an identified or identifiable natural person ('data subject'); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person;

**Processing** represents any operation or set of operations which is performed on personal data or on sets of personal data, whether or not by automated means, such as collection, recording, organization, structuring, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction;

**Restriction of processing** represents the marking of stored personal data with the aim of limiting their processing in the future;

**Controller** represents the natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of personal data; where the purposes and means of such processing are determined by the European Union or Member State law, the controller or the specific criteria for its nomination may be provided for by Union or Member State law;

**Processor** represents a natural or legal person, public authority, agency or other body which processes personal data on behalf of the controller;

**Recipient** represents a natural or legal person, public authority, agency or another body, to which the personal data are disclosed, whether it is a third party or not. However, public authorities which may receive personal data in the framework of a particular inquiry in accordance with the European Union or Member State law shall not be regarded as recipients; the processing of those data by those public authorities shall be in compliance with the applicable data protection rules according to the purposes of the processing;

**Third party** a natural or legal person, public authority, agency or body other than the data subject, controller, processor and persons who, under the direct authority of the controller or processor, are authorized to process personal data;

**Data Breach** represents a breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to, personal data. This means that a breach is more than just losing personal data.
